

TWO WEEK TRIAL GUIDELINES

Thank you for your interest in our products. In order to fully appreciate the value of the PEDIASCAN[®] or MAXISCAN[®] transilluminators, we are offering customers a **TWO WEEK** "no obligation" trial period. This trial gives the end user the opportunity to see how our product performs in your department. **Please see below the guidelines for setting up a trial:**

- 1.) **All trials must have a "no charge" or "evaluation" official purchase order (P.O.) number assigned to them by the ordering hospital's purchasing department. No exceptions will be made.**
- 2.) All trial P.O.'s must indicate the **director of purchasing**, the **person ordering** and the **end user** of the product ordered along with their **phone numbers** and **email addresses**
- 3.) **All trial orders must be either faxed, emailed or mailed to Sylvan Corporation.** Verbal orders will not be accepted.
- 4.) **All trials are effective for TWO WEEKS** unless extended. Just call us and we can give you more time if you need it. **We reserve the right to invoice you as a monthly rental if the unit is not returned in accordance with this agreement.** Contact us for monthly rental fees for the unit that you are trialing.
- 5.) **All units sent out on trial are brand new** and can be purchased by changing the P.O. The warranty will start as of the date of the new P.O.
- 6.) When returning the unit after the TWO WEEK trial, send it well packed and with return paperwork indicating original P.O. number and any accessories to:

EVALUATION RETURN
SYLVAN CORPORATION
612 CEDAR STREET
IRWIN, PA 15642

Again, thank you for requesting information on our PEDIASCAN[®] / MAXISCAN[®] line of transilluminators and please call 1-800-628-3836 or email us at jfedorka@sylvanmed.com if you have any questions.
